The kitchen offers ample cabinet space and is already plumbed for a gas stove if preferred. Recent updates include new vinyl plank flooring, updated tub and tile work in the bathroom, and some newer cabinetry. A side door off the living room opens to a private deck—perfect for barbecuing or enjoying summer evenings. The right-side entrance leads to the bright lower suite, which benefits from numerous windows that let in plenty of natural light. This space includes a generously sized open-concept layout, two large bedrooms, and a full 4-piece bathroom featuring a new toilet and vinyl plank flooring. The kitchen has been refreshed with newer cabinetry and countertops, making it a welcoming and efficient space. Additional upgrades include vinyl windows throughout and new shingles in 2016.
