ARCHITECTURAL DISTINCTION & UNMATCHED VERSATILITY. In a market of standard two-storey builds, 53 Savanna Heath stands out as a rare 2 1/2-storey masterpiece designed for both luxury and "financial intelligence". Spanning over 3,560 square feet of professionally finished living space, this home offers three distinct, high-utility zones. Zone 1: the revenue-generating legal suite. The fully developed basement features a high-end, 2-bedroom legal suite with a private entrance, full kitchen, living room, bathroom, independent furnace, and hot water tank. This professionally finished space provides a rare opportunity to significantly subsidize your carrying costs or house extended family in total comfort. Zone 2: the main & family levels. The heart of the home features an expansive open-concept layout with 'ceilings, a gourmet kitchen equipped with white shaker cabinetry, a large central island, walk-in pantry and a dedicated coffee station. A powder room, office area and practical mudroom complete this floor while the second level anchors the family space with four generous bedrooms, including a spa-inspired 5-piece primary ensuite with deep soaker tub. Zone 3: the private loft sanctuary. The unique 2.5-storey configuration culminates in a top-floor haven featuring its own bedroom, full bathroom, and bonus room. This secluded level is an ideal 'nanny suite,' teen retreat, or a quiet, professional home office. Premium value. Custom-built in 2021 and still under warranty, this home includes an insulated double garage and a fenced 'blank canvas' backyard, perfectly suited for a future custom deck. Positioned at an adjusted price point to lead the 'estate-tier' market, this property is located minutes from the Savanna Bazaar, Saddletowne LRT, and major thoroughfares and makes for a quick commute to Calgary International Airport.
