This STUNNING house and carriage home were designed by the esteemed McDowell & Associates and built by Granville Homes. The VIEWS on this property are truly EPIC! The main house backs onto an expansive 270 degree view of the natural preserve that features ravine, forest and mountain views. This .85 acre lot is also VERY PRIVATE as it is tucked away from the front street. This property is also very special as it offers an over-sized detached garage with car-lift and a legal 750 square foot GUEST SUITE situated above. The main house has just under 7400 square feet of living space that offers 5 bedrooms and 8 bathrooms plus an attached over-sized triple garage. SO much parking is available on this site! The main home has been EXTENSIVELY updated and adds a modern edge to this classic design including a completely renovated, STUNNING kitchen with details like extensive use of walnut, custom dark cabinetry with modern brass hardware and lighting, and all new high-end statement appliances. In this home you will also find impressive post and beam ceiling details in the VERY GRAND living room with stone fireplace with two double French doors that lead out to the impressive and extensive balcony. Just beyond this living area is a concealed door that leads to a large, private home office with large windows and access to that large south balcony. Throughout this home there are also numerous imported European fixtures that really sets this home apart. The lower WALKOUT level offers an updated and expansive recreation area, updated two piece bathroom with luxurious walk-in steam shower, an impressive theatre room, a fully renovated

kitchen/bar area, and spacious bedroom with ensuite. Your guests or family member will love that they can access the lower patio and backyard through this room's French doors. Other features of this property includes a patio with wood-burning outdoor fireplace off the over-sized, bright kitchen nook/dining area and a fire pit nestled in a corner of the property to enjoy the starry evenings. This home offers so many features, it must be seen to be appreciated! Please see the supplement feature sheet for more details.
